Alimohamed

Full-Stack & Software Development Expert

Portfolio: https://my-porfilio.netlify.app

Email: alidevserver@gmail.com

Professional Summary

Expert software developer with 7 years of experience across all areas of programming, including web development, mobile apps, APIs, databases, cloud services, and system architecture. Proven ability to deliver complex, scalable, and production-ready solutions that solve real business problems.

Core Skills

- Full-Stack Web Development (JavaScript, Node.js, React, Express)
- Mobile App Development (iOS, Android, Flutter)
- API Design & Integration
- Database Design & Optimization (SQL, NoSQL, MongoDB, PostgreSQL)
- Cloud Services & Deployment (AWS, Azure, Docker, CI/CD)
- Performance Tuning & Code Review
- System Architecture & Scalability Planning
- Version Control (Git, GitHub, GitLab)

Professional Experience

Lead Software Developer / Freelance & Projects
- Delivered full-stack and mobile applications with high scalability and performance.
- Designed and implemented APIs for multiple complex systems.
- Optimized databases and enhanced query performance significantly.
- Led projects from architecture design to production deployment.

Senior Software Engineer / Fiberteamx
- Developed enterprise-grade applications.
- Improved system performance and maintainability.
- Mentored junior developers and conducted code reviews.

Education

[Degree, e.g., BSc in Computer Science] - [University Name]

Languages & Tools

JavaScript, Python, Java, C++, Node.js, React, Flutter, SQL, NoSQL, Git, Docker, AWS, Azure

Availability

Open for collaboration, career opportunities, and high-impact projects.
